Connectivity

## MyŠkoda

Škoda Connect and other digital services in your pocket.

Driving your Škoda isn't just about driving. It's the functions, the features, and the personal touches that add up to a brilliant experience. It's the music you play on the way to your destination. It's the security of knowing that great support is never more than a few taps away. Your Škoda vehicle is your everyday companion and thanks to MyŠkoda application you can go even further in interaction with your vehicle.

Use the application to remotely check the status of the vehicle's battery and manage it's charging. Heat or cool your vehicle before departure. It offers also insight to the vehicle manual or possibility to interact with your preferred service partner, with a number of further functions just waiting to be explored.

With MyŠkoda application in place, your car remains under your control at all times. The application is available for download on App Store (iOS) and Google Play (Android). Škoda Connect services are available based on ordered service package: Proactive Service, Remote Access, Infotainment Online and iV Remote Services.

Škoda Genuine Accessories are offered by Škoda as optional extras at additional charges. Colours, designs and materials may differ from those in the illustrations. Information such as specifications, appearance, performance, dimensions, weight, fuel consumption and operating costs relating to the illustrated vehicles and products is based on information available at the time of printing this document, and Škoda Auto reserves the right to change these data.

Correct rim and tyre size combinations are available in the Registration Certificate and/or from your dealer. When choosing snow-chains, make sure to follow the indication in your car's certificate of roadworthiness. Wheels depicted on the cars may not be part of the available range.

Please contact your Škoda Partner for information as to which products are available and suitable for your model, what restrictions apply, the installation times required and costs. Subject to change without notice. Vehicle parameters such as weight, rolling resistance and aerodynamics may vary depending on additional equipment and accessories (attachments, tyre sizes, etc.) and may, together with weather, traffic conditions and individual driving styles, affect fuel consumption, electricity consumption, CO<sub>2</sub> emissions and other performance parameters. Škoda Genuine Accessories are not used to determine consumption and emission levels, and can therefore only be fitted after the vehicle's first registration.
